2. Between 7 and 14 June 1951, the barracks installation in Dresden-Uebigau quartered 600 to 700 troops. Specifically, the quarters facing Washington Strasse were occupied to capacity by soldiers wearing black-bordered black epaulets, and those on Scharfenerbergerstrasse were only partially occupied by soldiers who wore red-bordered black epaulets. Personnel with black-bordered black epaulets performed guard duty at the ferryhouse in Alt-Kaditz. Two radio masts were erected in the barracks yard. **

** Comment. The information indicates that the 134th Gds Engr Bn of the 11th Gds Tank Div, which is carried in the Nachrichten Kaserne in Dresden-Uebigau, was at the post. The component unit of the 4th Gds AAA Div, which is also located there, was probably still at Wustrow in mid-June 1951.
